ZINAL

INDIE DANCE / MELODIC HOUSE / MELODIC TECHNO

SWITZERLAND

ABOUT

Zinal is a Swiss DJ crafting driving, melodic journeys across Indie Dance, Melodic House and Melodic Techno. Growing up musically in the local club scene around Zurich, he developed an approach shaped by rhythm, energy and progression. With eight years behind the decks, his journey has taken him from clubs and festivals across Switzerland to Italy and Southeast Asia.

For Zinal, a set is more than a sequence of tracks - it is a story. He builds tension, shifts moods and connects different sounds into one continuous journey. Moving fluidly across genre boundaries, he combines driving energy with melodic elements while always keeping a close connection to the crowd. Reading the room and responding to its energy allows each set to evolve naturally while maintaining a clear direction and identity.

DRIVEN. RHYTHMIC. MELODIC.
